

01/29/2010

Dear Friends at Rolling Acres Alliance,

We must never forget that we are sinners saved by grace! At the core of our faith, it was Jesus Christ who came on a rescue mission (Col. 1: 13) to save us from death, sin, and our selfish sin nature. This must remain the focus of our lives. If life is seeming to be a bit fuzzy or even feeling out of sorts, go back and ponder afresh the miracle of salvation. We could explore the cause of this "fuzziness" but rather than getting caught up in analysis, let's simply refocus on Jesus. Let's remind ourselves that it was He who came and called us friends. It was He who then laid down His life for His friends. And friends of Jesus, there is no greater love than that (John 15:13-15)! Whether this day finds you joyful in the Lord or wondering what happened to your faith, take a moment to rest in Jesus. Ask Him to restore the joy of your salvation. Ask Jesus, the friend of your soul, to draw you closer to Him and to open your heart in a new way to the love that He has for you.

Inviting you to worship this Sunday and praying for you,

Pastor Andy

(pass this along to a friend and invite them to church with you!)
